### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Krietzman on 03 May 2004.

The application has been amended as follows:

In the CLAIMS:

Claim 6, line 5, ";" has been deleted and --and--has been inserted;

Claim 6, line 8, after "board", --in a manner that causes the scavenging blade to remove at least a portion of the excess fill material from the printed wiring board and thereby--has been inserted;

Claim 6, line 9, "involves" has been deleted.

The following is an examiner's statement of reasons for allowance: it is deemed novel and unobvious over the prior art of record to perform a method of removing excess fill material as claimed in claims 1 and 6, as the prior art does not teach or suggest said method.

Art Unit: 1732

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
